GAME MAZE

KEY CONTROLS

These four keys are used to move across the maze.

A: Move Left

S: Move Down

W: Move Up

D: Move Right

TASKS TO COMPLETE

Attend First Lecture

Go to LHC (lecture hall complex) and be there for 10 seconds to complete the 1st task

Self Study in Library

Go to Library and spend 10 seconds there. Check that the status changes.

TASKS TO COMPLETE

Attend Second Lecture

Go to LHC (Lecture Hall Complex), you have another 10 seconds lecture to finish.

Let's Play

Hurray!! You have finished all your lectures and it's time to play. Go to Playground and play for 10 seconds or Play in SAC (student activity center) for 15 seconds.

HEALTH AND ENERGY

HEALTH

Your Health keep on decreasing by 1 unit every 3 seconds. It increases at the Hostels (Himadri and Girnar) by 1 unit in every 1.3 seconds and at Delhi 16 by 1 unit in every 1 second.

ENERGY

Your Energy keep on decreasing by 1 unit every 3 seconds. It increases at hostels (Himadri and Girnar) by 1 unit in every 1 second.

WINNER

The Player who completes the tasks first wins the game.

Note that if a player's energy or health goes to zero then it loses and automatically the opposing player wins.

THANK YOU !!!
